

HAVAL

HAVAL H6 GT

NEW-GENERATION STYLISH & SPORTY SUV

we're here for YOU

Awaken multi-faceted life

Life is like a game; there are as many kinds of life as there are ways to play

Stylish appearance with sporty performance

Lighting up passion with lightening speed

Switch modes at will and control your life game by yourself

New-generation stylish & sporty SUV

"Black Shark Aesthetics" design language Sporty styling leads a popular trend

Inspired by the Legend of the Deep Sea, the "Black Shark Aesthetics" design reshapes the classic and spearheads sporty styling, becoming the focus of attention everywhere it appears

Fluid aesthetic

The innovative streamlined body design stimulates the design potential of the Coupe SUV, and brings improvements in both appearance and performance

■ Shark pectoral fin-shaped front and shark teeth-based parameterized air intake grille allow the vehicle to present stylishness and sharpness

■ Sleek contour waistline delivers a strong visual impact, stimulating your imagination

■ Double rear trim spoilers adjust air flow distribution and increase downforce, with stronger stability at high-speed driving; optimized vehicle structure, reducing wind resistance and improving stability

■ Streamlined roof with fastback design effectively reduces wind resistance

■ High brightness LED matrix automatic headlamps light up your journey ahead

Practical aesthetics

Outstanding width and height ratio helps create a luxury and roomy space

 4727 mm length, 1940 mm width, 1729 mm height, 2738 mm wheelbase and 1640 mm rear track, stylish cabin

 Wireless charging

 Contrast-color stitching conveys dynamic charm

 *Inductive electric tailgate, with a maximum trunk* volume of 1390L

Stylish & sporty SUV

Your first choice of driving control performance

With excellent performance in speed and control, the stylish vehicle demonstrates powerful performance in a real sense

High-efficiency 4N20 engine

With high-efficiency GWM 4N20 engine and upgraded 2.0GDIT turbocharging technology, the vehicle has thermal efficiency of 38%, maximum power of 150 kW and maximum output torque of 320 N·m at 1500 r/m

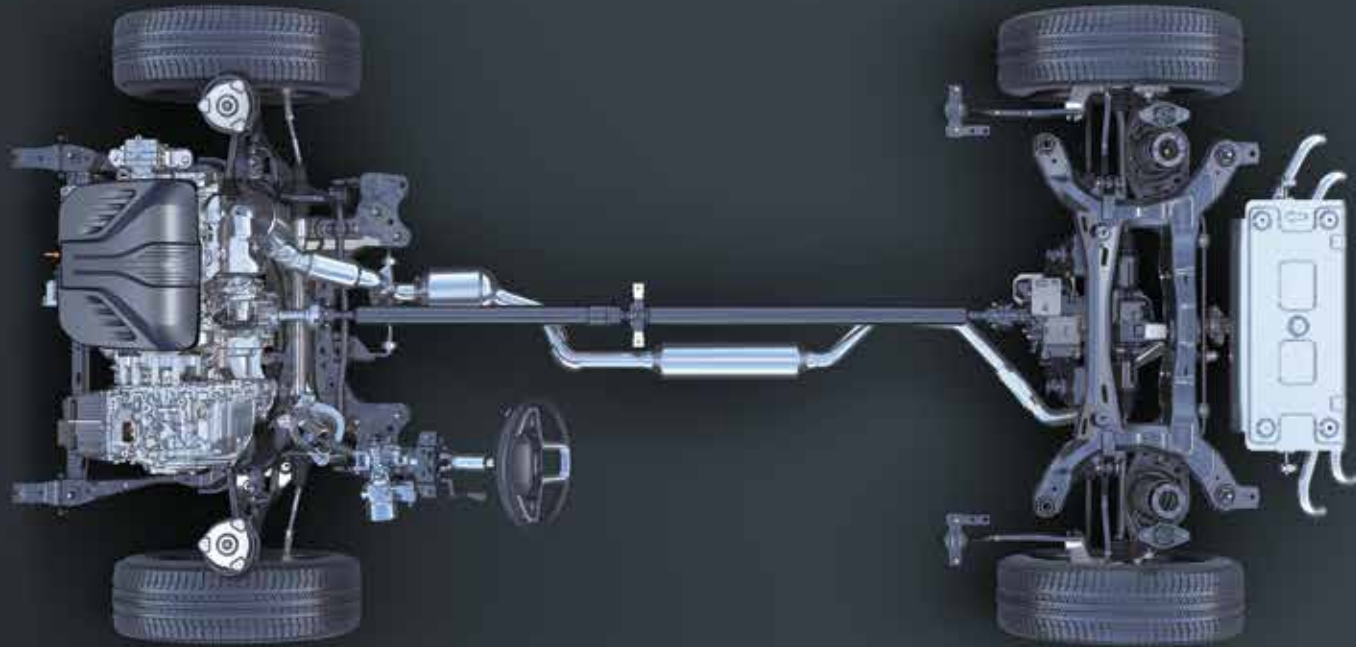

Second-generation 7DCT Wet dual-clutch transmission

With a low-leakage hydraulic control system, the vehicle has a comprehensive efficiency of 95.6%, anti-misoperation of P gear, anti-theft function and clutch pressure control response time within 100 ms, making it efficient, cost-saving and reliable

Professional tuning

With lowered (by 10 mm) center of mass, suspension posture, and front McPherson and rear multi-link suspension structure, the vehicle features accurate steering control and sensitivity during braking, accelerating and turning at a high speed

Enhanced performance

With the shape design of a sport coupe, the vehicle is able to stimulate your desire to drive with its track mode and exhaust sound wave system

 Excellent acceleration performance

 Track Mode + Exhaust Sound Wave System

 More sporty atmosphere with contrast-color shift knob

 *Free switching of 7 driving modes, including Standard/Sport/ECO/Snow/Sand/Off-road/Track, enables the vehicle to handle various road conditions easily

*Only 4WD standard configuration with seven driving modes

Start off with both advanced EQ and IQ

Break traditional boundaries with innovative design to cater to the new urban life

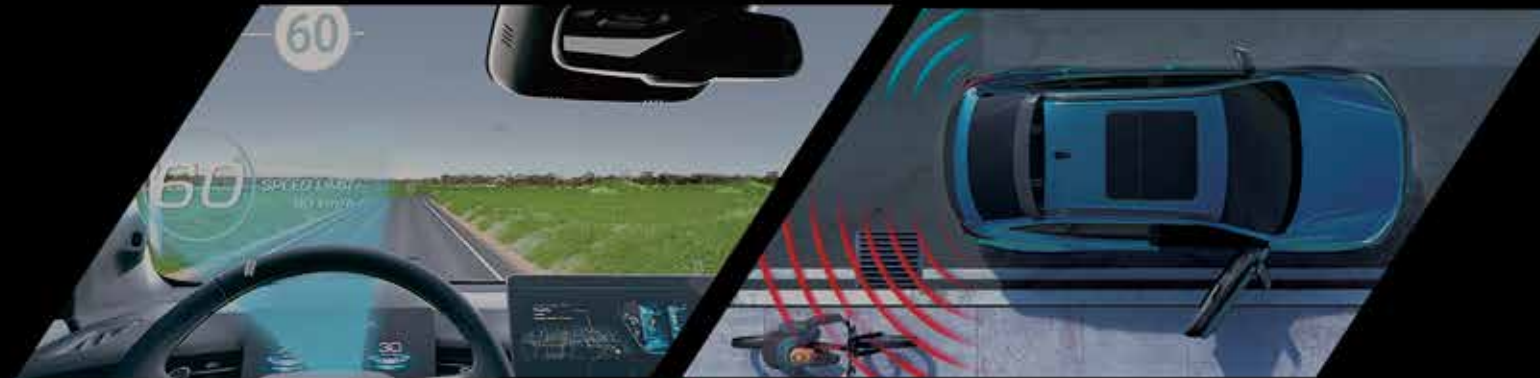

Intelligent driving

Equipped with high-computing power chips, it resonates with young people's personalized intelligent travel needs, and is truly a smart brain

 ACC+ICA+TJA full-speed self-adaptive cruise control

 Front sensors and parking sensors

 Traffic sign recognition (TSR)

 Door opening warning (DOW)

Intelligence makes the difference

The user-centered, intelligent and healthy safety cabin, intelligent safety and advanced smart driving provide you with pleasant driving experience

 Dashboard UI displaying the percentage of power and torque + 10.25" digital screen

 Fully automatic fusion-based parking assist system

 Reverse path-tracking

 360° panoramic view

 HUD full-color head-up display

 12.3" colored multi-touch screen

* The display size of HUD visual is provided for reference only, subject to the actual vehicle
* The above configurations are not for standard configurations of all models. See the product configuration list for details

Active and passive safety protection combined Provide safe, worry-free driving experience

Interior and exterior protection ensures safe driving in a secure manner
More secure travel along the way

Super protection

72% application proportion of high-strength steel and the maximum press hardened steel tensile strength of not less than 1800 MPa create a movable fortress to protect the safety of driver and passengers at all times

- Mild Steels (MS)
- High Strength Steels (HSS)
- Advanced High Strength Steels (AHSS)
- Press Hardened Steels (PHS)
- Fiber Reinforced Plastics (FRP)

High-strength steel body + pedestrian protection + collapsible impact energy absorber system

All round 6 airbags, super area protection

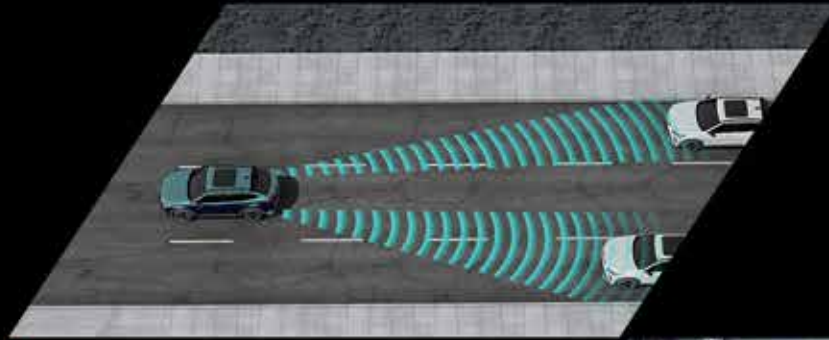

AQS air quality management system

Integrated anion air purifier

* AQS air quality management system and integrated anion air purifier are standard configurations for 4WD model

Pre-warning and auto brake system

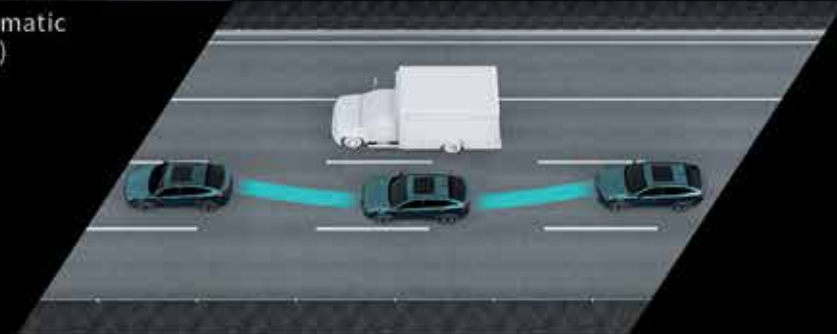

The intelligent technology provides you with pre-warning and safety protection, creating a colorful car life

 Parallel assist + Reversing warning

 Front collision warning + Automatic emergency braking (FCW+AEB)

 Intelligent evasion and recognition of extra-long trucks help keep a safe distance

* The above configurations are not for standard configurations of all models. See the product configuration list for details
